

SUPPORTING ORGANIZATIONS

IMPACTASSETS
INVEST WITH MEANING

IMPACTASSETS

ImpactAssets is a nonprofit financial services firm that increases the flow of capital into impact investments, which deliver financial, social, and environmental returns.

WHAT IS A SUPPORTING ORGANIZATION?

A supporting organization is an IRS-designated philanthropic vehicle created under the umbrella of an existing public charity, such as ImpactAssets, the “supported organization.” Though connected to the public charity, a supporting organization is a separate charitable entity with its own tax-exempt status, charters, bylaws, and board of trustees. ImpactAssets offers Type I supporting organizations. Type I supporting organizations are operated, supervised, or controlled by the supported organization.

WHY CHOOSE A SUPPORTING ORGANIZATION?*

A supporting organization gives donors more control and flexibility than a Donor Advised Fund, but because a supporting organization is a public charity, contributions may yield a greater tax deduction than those made to a private foundation. Supporting organizations are not subject to other private foundation rules and regulations, such as paying excise taxes or making a minimum payout each year.

**This does not constitute tax advice and we encourage you to contact your tax professional for all tax decisions*

BENEFITS OF WORKING WITH IMPACTASSETS

Through a supporting organization with ImpactAssets, donors can:

- Align investments with their values through impact-focused investment options with private debt and equity funds
- Continue to work with their wealth advisors to ensure that the endowment of the supporting organization is invested for optimal financial, social and environmental returns
- Design custom programs that achieve their desired impact

ImpactAssets delivers high touch customer service with a team that brings over 120 years of experience in impact investing, innovative financial services, philanthropy and wealth management.
